Dear Mr. Hopkins,

I am writing in response to your advertisement which I saw on the "La Sicilia" on the 11th of May.

As you can see from the attached CV, I have worked part-time for some months as a McDonald's employee. My qualifications includes a middle school license and a diploma in computer science, as I am a passionate technology user. I also graduated from Barcelona University last year with a degree in computer science.

I am confident that I would be able to find a job with the assistance of your program.

Thank you very much for your consideration.

Yours Sincerely,

Chanel Simpson
