# Monday

- *Monday was the first day all the Italian, Finnish, Welsh, and French students met, so we were very excited and happy to meet each other. We all separated into five groups where we got to know each other. Then we showed our businesses powerpoint from our respected countries. After lunch, we all wrote a cover letter together then we filled and completed our Europass CV's. After this, the Welsh students took a small train around Catania city and explored its heritage.*

# Wednesday

- **The exchange students got in taxis at Stesicoro Square in order to get to the school at 9am. When we got to the school we had a workshop on graphic design, including how to design a logo. At 10am, we stopped for half an hour in order to have a coffee break. Then at 10:30am in our colour groups, we had to design a logo that would be suitable for a certain category, these categories included: shoes, cars, mobile phones, drinks and chocolate bars. After lunch at 12:45, we all voted on who's logo was the best based on their category. We enjoyed taking part and learning about brands and logos.**
