Sales pitch

Our social values

Every year, Organic Fast Food will contribute **10% of its profits to the foundation of France**, in order to fight against poverty and contribute to the sustainable development of the most disadvantaged communities

FAIRTRADE: we want to participate for the farmers a better deal

Ecological balance and sustainable development

Our fast food is supplied with **renewable energy**
(wind, photovoltaic)

Compost: our fast food separate the rubbish for **recycling**

So we participate to conserve **biodiversity variety** on Earth

Ecological cleaning products are used to clean our restaurant, based on essential oils with the guarantees of food compatibility

Some of our products are from **fair trade**: coffee, tea and sugar

Buying fairtrade from « **Artisans du monde** » in Chalon

All ingredients are organic and natural

Our suppliers work in organic farming so high quality

100 % organic products for 80 varieties of vegetables, fruits: bread, meat, vegetables, fruits, drinks

Yes, you read and ear that correctly, 100 %!

Respect of a French norm

Organic food is **safer and healthier** than conventionally grown food

We **steam** all the vegetables or frying in **olive oil**, without ever frying

More intense flavor

This morning you eat our products

Was it good?

Eat quickly: only 20 mn but with calm and serenity with our zen space

You can eat then make a **micro nap** in order to be relaxed

To get the high quality

To eat quickly but healthy and ZEN

To have the best taste

For the sustainable development

Unique in Burgundy
